Texol Multisyn™ 15W-40 EXTRA

High performance heavy duty diesel engine lubricant

Product description

Texol Multisyn™ 15W-40 Extra is a specifically for low emission diesel engines designed high performance motor oil. It can also be used universally in otto engines. The high additive content guarantees low friction and a long engine life and trouble-free engine operation under extreme conditions.

Customer benefits

Texol Multisyn™ 15W-40 Extra meets and exceeds the very latest ACEA and API performance requirements, and surpasses international original equipment manufacturers performance standards for heavy duty diesel engines. This highly durable lubricant offers outstanding engine cleanliness, through high efficiency detergency and dispersancy Technologies and is highly resistant to oil thickening in the high temperature environments of latest generation close tolerance turbocharged and naturally aspirated diesel power units.

Applications

- All season oil specifically for mixed vehicle fleets with low emission otto and diesel engines
- Recommended for use in naturally aspirated and turbocharged heavy duty diesel truck and bus engines operating under a variety of conditions, where extended drain periods are required.
